PRINCIPAL'S MESSAGE

A yearbook is a source of memories. In it are recorded the events, the students and the staff that have influenced your life this year. It provides you with a record of your years at school -- the incidents that enriched your lives and the events that will not be forgotten.

I will remember the year as one in which students at Bonnie Doon accepted responsibility for their academic achievement, and gained important skills:

- * When I see you negotiate with your teachers, I am sure that some of you are budding politicians . . . the academic skills of communication, critical thinking and the ability to learn for life are yours.

- * When I see you during Open House telling visitors the reasons why you are proud of our school, and explaining some of the concepts you learn at school . . . I know that accountability and flexibility are yours.

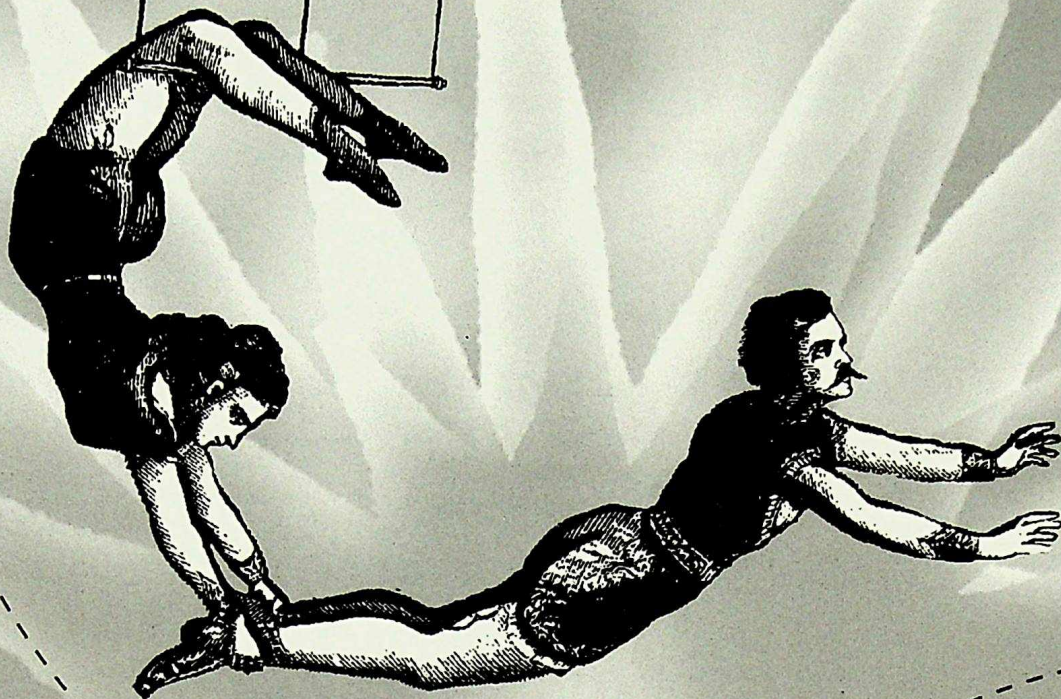

- * When I see you work with your peers, whether at a basketball game or at a school assembly, I know that the qualities of team spirit are yours.

- * When I see the responsible way you contribute to the community, I know that the social skills of positive attitudes and behaviours are absolutely yours -- you are caring citizens.

Yes, you have the skills and the ability to learn whatever you need to ensure your personal success; the staff and you are justifiably proud of your accomplishments.

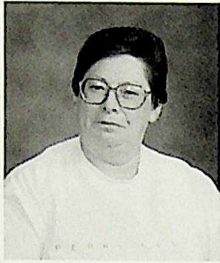

To those in senior class, I extend my best wishes. May the years ahead be filled with exciting challenges.

TEACHER TALK!

The Business Centre has been a great place to be this year. Students from every grade and every class have spent time here in class-time or during spares.

Activities range from typing essays, scanning images, surfing the 'Net, printing colored cover pages, greeting cards, maps, flags, or scrap-book pages. We also offer typing test games, spelling games, drawing or just hanging out!

I will never forget my first year of teaching because of the unique characters who roam the halls. Some with unique abilities, laughter, hairstyles, many with a sheer desire to succeed but all with personalities which allow me to say "I get to go to work today!"

- R. Simpson

Thoughts of the day: "A life is most important, except for the impact it has on other lives"

- M. Blondhiem-Barber0

Counselling has its up's and down's, just as does everything else. But it is great to see the success in our students in both academic and social skills. I get to see the growth of our students as they get ready to venture forth.

Seniors

... AT LAST!!

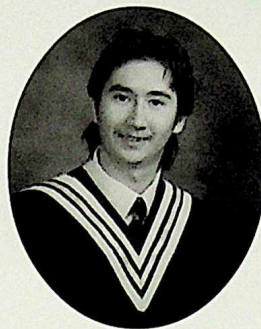

It's hard to believe that my high school years are actually over, and now it's time to move into the real and touch world. There is no doubt that these past three years have been the most memorable ones and most fun. Often school has been rough but with the help of my family and friends, the time went much faster and easier. I'll miss everyone, especially the gang from physics, and of course the weird teachers. Remember, "Dreams are previews as to what lies ahead."
P.S. Keep smiling, there is always a brand new day for a new beginning!
- Sonia Barahona

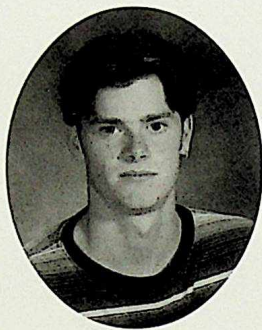

Rob Billingsley

Hi, I would like to say thanks to my family and my girlfriend for helping me get through this last year. Here's a thanks to all those who gave me the nickname of Krazie. Oh! Here's a little note to Mr. Shaw, the coke machine by the cafe. gives you a \$0.75 return, just by hitting the side of the machine.
- Douglas Bearchell

Jason Blondin

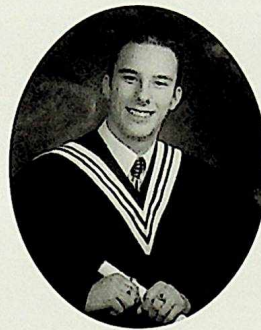

When I first moved here, the thought of going to a new school terrified me. But I soon realized it wasn't so bad after all. I've made some really good friends and have tons of memories to take along with me from my 2 years at Bonnie Doon. All my best to those people I will never forget. Thanks!

Hi, my name is Ben or as some may know me as "Monkey Boy." My 3 years in Bonnie Doon have been the most memorable of my life, mostly because of 3 people. 1. My best friend and keeper (inside joke), Kim Herr. 2. A very dear friend and someone who knows how to always have fun, Joanne Giesbrecht. 3. A teacher who I will never forget thanx, Mrs. Sinclair for making my life a whole lot easore. To the rest of senior class, we made it in one peice. Hope 2-C-U in the future. Buh-bye!
- Ben Crowder

Well y'all, this is the end of the beginning, the commencement of the middle, and the prelude to the end. I intend to win the game of life, but I expect y'all to give me a challenge. Everyone I have met has had an impact on my life, but two stand out; Ash and Julie. I can not imagine life without you, and I will not forget life with you, and for y'all to never forget me, remember
... I AM GOD!
- Curtis Cousineau

So many Boventures with Frank and Joe.
Watching repeats of the Duke Boys and
all the Sandler movies. Drawing cartoons
in Chem. and cruising in the fake wood
panelling van. Raiding the fridge at
Lindsay's and trying not to catch mono
while playing pool. Falling asleep at eight
and missing the Johnson race. BD's been
good, hanging out with the Donnanites. I
just hope when I read this in twenty
years, I actually get one of these jokes
and I still have some hair left.

the party boys. Math with Mike & risky trips
to the cafe on double periods. Mikey always
keep a buck in your pocket! Good times at
wagner butt kicking party, falling off
stereos, boxer poker, whip cream fights,
TIGGER song w/ Kris, Devon, Ice cube
remidies, & Grad '97. What can we say
about french class? Soccer bare bums &
shorts around ankles. Spankx Guys miss ya!
- Kim Herr

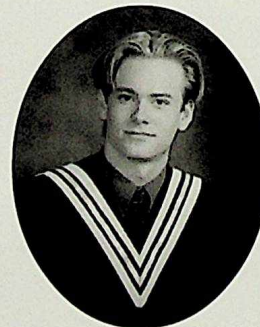

I have only spent one year at Bonnie
Doon, but I have enjoyed it. Thanks to
everyone, best of luck!
- Majeda Hussein

The past 3 years in BD have been
memorable, but grade 12 has been the
best. First of all I'd like to say thanx to
all those who have stuck by me through
my high school years: My family, friends
and the crazy teachers. I'll never forget
my favourite class with the BEST
TEACHER (Mr. Simpson). I'd also like
to thank my ALDO GANG which made
time fly while sitting through 100's of
hours in Physics (no wonder I enjoyed
Physics so much). Now finally good luck
to each one of you. "In order to succed
in life, the first step is getting ready!!"
- Sukhi Jassar

So many Boventures with Corkite and
Frank, crusin' in the van with a
suspected 12 yr old at the wheel, (it's
only 327) fishing for a bobber, and
telling ghost stories no one has heard
before. SERIOUS! Parties at triple G's
every weekend with all the Donnanites,
and the ritual laugh-a-thon the morning
after. Thanks to all my friends who
prevented me from getting bored these
past three years. I'll miss all of you but,
"The time has come to be gone, it is
time to RAMBLE on!!" Good Luck!
- Eric Johnson

The past 3 years have been great at BD
I have learned many things and the most
important of all is that anything is
possible to achieve, just as long as one is
willing to try. I would like to thank all of
my teachers and friends for their
support and inspirational talks. I wish all
of my friends best of luck in their
coming years.
- Sandy Kahlman

It's amazing to think that 3 years have already by. I can remember the first day of grade 10 with SD beside me and I can only hope she AS, CD, JG, JS, remember that our futures need to include each other. As for AB, DS, SK I hope that our futures allow us to see each other, good luck! To my one and only, thank you, for it is you who has kept me from sinking. To my great friends not at BD thanks so much for the laughs and love. Good luck to all. My love is there for those of you who have touched my life, you know who you are. (Thanks to my family, I love you.)
- Misty-Eve Kerr

Finally, three years are over! I would like to thank all my friends and teachers, who have helped me get through high school. So thank you to the following teachers: DS, EG, RS, GL, BH, MZ, and JM. Especially thanks to LL, who is my best friend.
- Hope Lee

These past three years have been very memorable and I will treasure the memories I have gathered, forever. I want to thank JF, DS, JG, MK, AS, KH, JS, SM, SG, BJ, AS, MB, KA and many others. I especially want to thank Janel. Thank you for sticking by me through everything, I love you. Remember, everybody, not to be afraid to dream. Hello?! Alin speaking, hi! Last year in a school ever! That's got to be nice, but from now on I've to concentrate on my career. Thanks to SP, MC, AV, AN, DD, DW, SS, and to all the soccer players, and to all the girls across the world, to my parents, grandparents, my ancestors and my fellow Romainians, but most of all to God. I had a lot of fun in this school, but I'm probably going to forget in a year or two. NO WOMAN, NO CRY, ROMANIAN TILL I DIE!
- Alin Rogoz

I had a wonderful time at Bonnie Doon.
Lots of unforgettable memories with
friendly students, teachers and staff. I
would like to extend my thanks and
appreciation to all of them. I will never

Rosalind - thanks for being so helpful
and patient. To my family, especially my
mom - thanks for believing in me. Jen
and Mel - you both are the greatest
"sisters" anyone could ever ask for. "No

In every year that I have been in school
the lessons that I have learned are
numerous but they were greatly needed.
One of the lessons that I have learned
was that I can't help someone if I am
not willing to help myself. I'd like to
thank all the teachers and friends who
told me to keep going to school even
after I wanted to quit, you know who
you are, and most importantly I'd like to
God and my best friend, John, who
helped me gain the confidence that I
needed to finish school. Thank you all!
- Della Shepherd

Charlene Simmons

I will always remember the interesting
experiences I've had with the following:
JF, CC, MK, SD, DW, AB, JG, TP, SB,
SL, & all the grade 11's I befriended. I
will miss distracting Mrs. Chartier, all the
office staff, and will not forget MZ, GD
or G, Action, BH, BF, the Physics
Leprechaun, & the teaching staff. I will
never forget the air molecules, Bubba,
bio stories, slush floats, Social talks with
AB, the weenie-bob & Scotia Bank. I
also want to thank those I met from
BP's in gr. 11, without you, I wouldn't
have made it this far, Tina. TTFN
- Ashley Smith

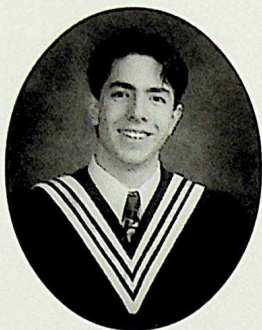

Julie Strickler

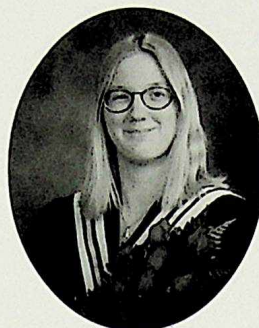

Alexandra Taralson

So many Bovenures these past three years with Cronkite and Joe, riding in the SWAT van and teaching Slick how to drive, b-ball drills with the pylos, doing the "thing" in Bio, surfing at Hasse, listening to the Hip on a good stereo, parties at the res. Serious? Slow down it's burning up! Anyways, it's been great at BD with all the Donnanites and remember, I was the fourth person to DUNK in '97
- Daniel Trowsdale

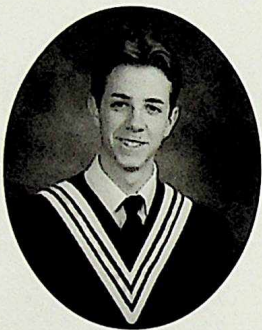

Well it's been a long time in school. Seems like it was just 20 years ago that I entered grade 10. Oh well, 12 or 20, it's been a blast. Playing soccer, skateboarding, or just hanging out with AA, SE, QB, AL, LT, and KH, has kept me occupied, oh yeah and home work too! Yet I could never have made it this far if it wasn't for my teachers and Grandmother. Thank you for your understanding and patience.
- Nicole VanKessel

Well it's been a great two years at Bonnie Doon. One of them is taking trips to the cafeteria with Kim. Remember ladies: "Words of wisdom drop the zero and get with the HERO!"
- Michael VanVelzen

I will always remember the time I have spent at Bonnie Doon. I would like to thank my family, teachers and friends, CR, EJ, DT, GG, SG, MM, DS, JF, AR, GW, JG, AS, all the grade 11's, and everyone I missed for making these years great. A special thank you goes to LW, for helping me out with everything. I will always remember the 3A tournament, JF's Bio problem, whistles, Arctic training, the slow boat to China, the Hip, searching for the right time, and endless basketball. Good luck and have fun.
- Daniel Wills

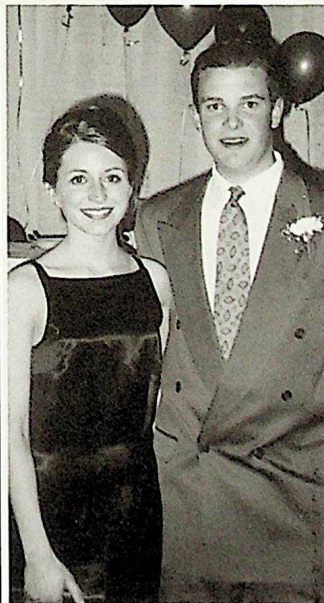

If you think Danny is so smart, try melting ice with him in Chem. 30 (25% error). "Deutschland uber Alles!!"
- Greg Wisbling

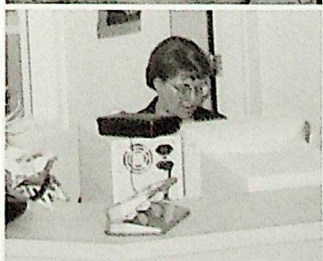

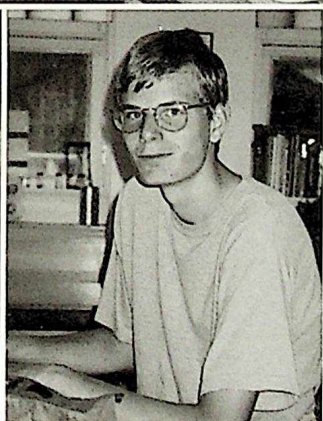

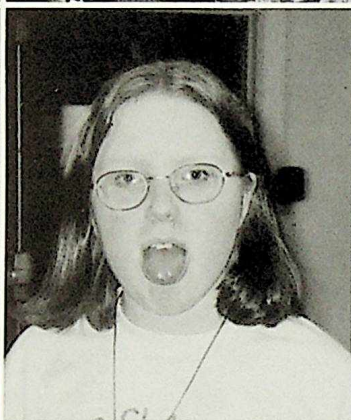

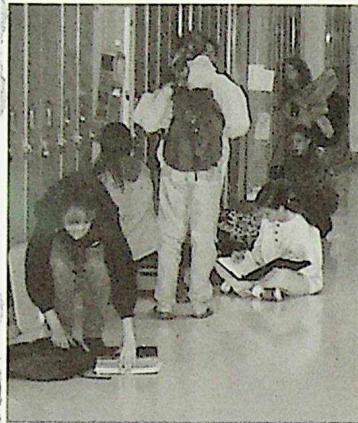

Thanks for all the good times with the old buddies and the new ones. I will remember, calling the fire dept. in the hot tub, staying away from vibrating walls, freezing in Social, whisling in Chem, Bubba in English, starving on the acreage, posing, stalking at stoney, kissing my kitty, tippen and dippen with the boys, snowball 39 and counting, be careful your spitting on me again. Thanks.

Quick, everyone pile on!!!

Way to go CHAMPS!!!

Football

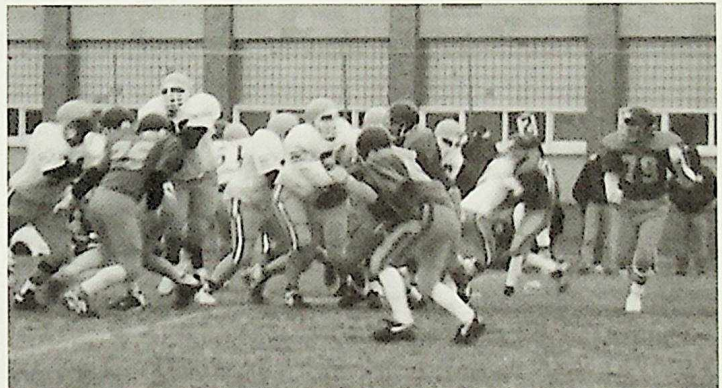

The Bonnie Doon Lancers jumped into a 17-0 halftime lead, but had to hold off a furious comeback by the Eastglen Blue Devils to win Friday's high school junior city championship 17-15.

The Lancers dominated the first half but the Blue Devils took control of the second half as Kasali Akili scored a touchdown on a short run. A two-point convert cut the Bonnie Doon Lead to 15-8. Eastglen quarterback J.R. Patrick set the stage for a dandy of a finish when he scored on a 20-yard scramble with five minutes to play but Bonnie Doon's defence held tough and won the title.

Two senior finals are on tap at Clarke Stadium this afternoon. Queen Elizabeth and Parkland tangle in the Gilfillan Final at noon. At 2:30 p.m., Eastglen will get another shot at a city championship when the senior Blue Devils meet M.E. LaZerte in the Bright City Championship.
